

HOT WATER THE BEST LIVER AND BOWEL MEDICINE

Says glass of hot water before breakfast washes poisons from system.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at a drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

HORSES IN COLLISION AT THE STATE FAIR

Accident Marred the Racing Program Yesterday—Big Attendance Expected Again Today.

WHITE RIVER JUNCTION, Sept. 14.—With prospects of another fine day, crowds are coming to the fair ground and there is evidence of another big day's attendance. Yesterday trains, automobiles and horse carriages brought thousands to the exhibition.

Two balloon ascensions were made, one at nearly 11 o'clock a. m., when the aeronaut released a dog in a parachute when about 1,000 feet in the air, later making a drop himself and alighting in the Morgan arena, close to the dancing pavilion. In the afternoon another flight was made, this time the wind carrying him northward, the descent being made about where he alighted the day previous. In another flight he will drop a live goose at the 1,000 foot altitude. Whoever returns the bird will receive \$5, while in another he will drop 100 envelopes on the grounds while in the air, one of which will contain \$5, under to have the money.

The judging of the stock, the pulling contests between the splendid yokes of oxen and draught horses, the fakers and peddlers, the midway attractions, the different balls filled with fancy and staple articles, machinery and implements, all have attracted crowds to witness them in the different parts of the grounds. Plopping by tractor power is daily demonstrated in the rear part of the grounds each day, and many of the farmers seem deeply interested.

The maple sugar makers of Vermont held their annual meeting at the commissioner's room in the administration building yesterday, and the annual meeting of the Vermont Morgan Horse club will be held at the same place today when the election of officers will take place. The present secretary and treasurer, C. C. Stillman will be unable to be present, but has sent a capable substitute in his place.

The Windsor county Y. M. C. A., who have charge of the public service building have issued a printed invitation to all exhibitors to use the social room which is open each evening and has been supplied with magazines and papers, piano, phonograph and writing materials, an offer which has been gladly accepted by them. Yesterday the largest crowd ever availing themselves of the convenience of the building did so with many expressions regarding its usefulness. Visitors are requested to register and names from Nebraska in the west to Florida on the south, and from many intervening states were furnished as residences.

The racing schedule was the principal event in the long program. There were three races on the card and the 2:20 pace was eventful, there being a mix-up in the first heat on the upper turn. Three horses came together, two of the drivers being thrown but not seriously injured and two sulkeys were broken. The horses were given place. Lady Gumbage, a bay mare that has proved a favorite this season on the New England circuit, won instant favor and although who did not win the first heat, being in the mix up, took the three succeeding ones. Gay Petress, a bay mare driven by H. F. Pierce, lost her driver when the three horses collided, but made the heat without a driver and without a break, and was given seventh place at the finish.

The 2:24 pace with seven starters went four heats, the winner, Major Dean, finishing fourth in the first heat, but winning the three following.

The parade was a grand one and was viewed by an enthusiastic crowd on stands and about the track. Never was there a better showing of fine stock and beautiful horses. A fine four-horse team was also shown from the Pine Tree farm in Massachusetts.

A bill giving to widows of officers or enlisted men in the Civil or Mexican wars or the war of 1812, and who have reached the age of 70 years, pensions of \$20 a month instead of the present \$12 a month was passed by the senate last week. It had already passed the house. Widows of Civil war soldiers dropped because of remembrance are restored to the roll by the bill.

Reasons For C. F. Thomas' Success

No business can succeed which is not progressive. One has to be wide awake to grasp new possibilities now-a-days. At last all progressive Americans are convinced that to be well they must be clean internally; that constipation is the cause of 95 per cent of all human ailments.

And learning that Abbey's Effervescent Salts, that old, reliable and effective preparation for Constipation, Headaches, Bloatingness and their attendant ills, pleasant in taste and moderate in price, was packed in new and larger bottles at the same cost, Mr. C. F. Thomas, wide-awake druggist that he is, has stocked a quantity in preparation for the demand which seems sure to follow.

We wish him the success which he so richly deserves.

A pleasing entertainment was the farce, Packing a Missionary Barrel, by 10 young women, given last Friday evening in Union hall by the Christian Endeavor society. The program included recitations and musical selections and was followed by an ice-cream sale, making it a financial success to the society.

The reason a man can't tell the average woman anything is because she would rather talk than listen.

STOLEN FORD CAR RESTORED TO OWNERS

Driver Asleep by Roadside Awakened by Officers and Escaped — Theft Aug. 17 at Spofford Lake.

(Special to The Reformer.)

BELLOWS FALLS, Sept. 14.—An automobile which was stolen from Michael Ryan of Millers Falls, Mass., was returned to him Tuesday night, when he came here and identified it as his.

The machine, a Ford, was stolen the evening of August 17 at Spofford lake. Mr. Ryan was accompanied by Deputy Sheriff Stafford of Chesterfield. The chief is believed to have been Gardner Hill, whom the police say is wanted in Rutland and Winchendon, Mass. More than a year ago he escaped, while handcuffed, from the Rutland police, the bracelets being found a few days later in a hut near the railroad tracks. Hill is said to have formerly lived in Townsend. Deputy Sheriff Alexander has a warrant for his arrest.

Last Friday morning Police Officer Angus MacKinnon was notified by Harry C. Elliott that a man was asleep in a machine on the Pond road, in the north end of the village. MacKinnon and Mr. Elliott went to the place in the morning and found the man still sleeping. The officer awoke the stranger, who was much startled. He presently became calm and answered MacKinnon's questions with plausible answers. The officer asked him if he had a license and told him he would like to see it. The fellow took a book from his pocket and began to look through it. As he did so the policeman walked toward the rear of the machine, in order to get on the other side. As he did so the stranger jumped, ran with considerable speed up a hillside and disappeared in the woods. He has not been seen since.

The Ford was towed to a local garage and it was necessary to write to the Ford factory, giving the number of the engine, before it was learned that Mr. Ryan was the owner. When taken by the police the car had a number plate with metal numbers on a piece of cardboard, being an imitation Connecticut number.

It has been learned by the police that Hill was in town three weeks before he made his disappearance last Friday. During this time he had sold lard, flour, sugar and other groceries to farmers in the outlying districts. The police have located a man who says he rode with Hill to Berkshire, 25 miles north of St. Albans, Thursday and delivered a barrel of flour to a farmer that night. The police think that Hill is the selling agent for an organized gang and that the groceries he has been selling, at about the same rate at which they may be bought in the local stores, have been stolen, but no reports of grocery stores having been robbed in this locality have been received by the department here.

WATERMAN-CASTINE.
Brattleboro, Couple Married in New-fake—Reception Tendered.

Raymond H. Waterman and Miss Lillian E. Castine, both of Brattleboro, were married Tuesday evening at 8:45 o'clock in Newfake by Rev. Charles W. Mook, pastor of the Congregational church. A single ring service was used and the couple was unattended. The bride wore a dress of blue silk tulle.

Mr. Waterman is employed at Macle's garage and Mrs. Waterman is a telephone operator. Both have returned to their positions and are to make their home in Brattleboro. A reception was tendered them last evening in the home of the bride's mother at 98 Williams street, which was largely attended by friends and relatives.

B. & M. TO PAY RENTALS.
Stockholders of Leased Lines Will Soon Receive Checks.

BOSTON, Sept. 14.—The Boston & Maine railroad will pay the rental charges of its leased lines during receivership President James H. Hustis, temporary receiver of the property, stated last night. "For the present," he said, "the system will continue to be operated as in the past. To keep the system intact it follows that the interest and rentals due the leased roads will be met and the decision under which I was appointed so provides."

It is understood that checks for such charges will be mailed stockholders of several leased lines on October 1.

MORE MONEY FOR MILK.
Increase in Price to Producers Recommended.

BOSTON, Sept. 14.—A recommendation that producers increase the price of milk to dealers was voted yesterday by the directors of the New England milk producers' association. They set 50 cents as the price to be demanded for 8 1/2-cent cans, standard milk delivered at Boston. Secretary Richard Pattee of Laconia, N. H., said this price would be equivalent to an advance of one-half cent a quart over present prices and was due to the increased cost of production.

WEST BRATTLEBORO

James LeRay has been visiting friends in Townsend and Greenfield this week.

Mrs. Gallup was taken to the Memorial hospital yesterday and was operated upon for appendicitis.

Mrs. Walter M. Robbins is spending the week in Dummerston at the summer home of Merton C. Robbins.

William Eager of Gardner, Mass., came here yesterday afternoon and is a guest of Mr. and Mrs. E. F. Blodgett.

Mrs. G. D. Austin of Charlestown, N. H., who is a guest of Mrs. A. C. Wainman of Canal street, called on friends in town yesterday.

William Harris is boarding at D. W. Harris's. Mr. Harris, who is employed by Mr. Spear, painter, is at present employed at the sales pavilion.

Rev. A. V. Woodworth will conduct a neighborhood prayer meeting this evening at Morris Chamberlain's on Dummerston hill, at 8 o'clock.

Mr. and Mrs. Charles Smith of Manchester, N. H., who had been guests of their cousins, Mrs. W. Renfrew and Mrs. James Gibson, have returned to their home.

The Christian Endeavor society of the Congregational church held a corn-roast last evening on Melrose hill, about 50 being present. Corn, sandwiches, marshmallows and other good things were enjoyed. The entire party joined in singing around the fire and had a jolly time.

Mr. and Mrs. D. W. Hawkins will move this week from Mrs. Emily Goodenough's house to the house recently bought by W. K. Cook of Hartford, Conn., on Greenleaf street. Mr. and Mrs. Cook plan to spend week-ends and their vacations at their home. Mr. Cook is professor of writing in Hartford.

Baptist Church, West Brattleboro, Rev. I. M. Compton, pastor. Morning worship at 10:30 with sermon by the pastor. Sunday school at 11:45. Evening service at 7:30. Instead of the Christian Endeavor meeting, Miss Margaret Sumner of the Philippines will speak. Midweek prayer meeting Wednesday evening.

First Congregational church. Weekly prayer meeting Friday evening at 7:30 in the vestry. Subject, Christ and Other Masters. John 13:1-17. Sunday, Sept. 17: Morning worship at 10:30. Sermon by the pastor, on What Rewards Are You Seeking. Sunday school at 11:45. Christian Endeavor meeting at 7 o'clock. Subject, Little Children to Help. Ex. 17:8-13. Leader, Miss Ruth Dalrymple.

Enormous increases in the tax rate in Mexico became effective Sept. 10, according to a de facto government decree posted last week. The largest increase is on realty on which the new rate is given at twelve times the present tax. The school tax against real estate is increased 600 per cent, while an additional increase of 720 per cent is to be imposed to create a sinking fund. The object, the decree states, is to raise two billion pesos within five years to finance the republic.

HOW OLD ARE YOU BY YOUR HAIR?

You may be thirty in years, but if you are baldheaded or gray, people will surely take you to be many years older.

Dandruff is the root of most hair evils. If it were not for the little destructive germs working with a persistence worthy of a better cause there would be but little baldness, and less people prematurely gray.

Parian Sage will help you to keep young looking and attractive. It is guaranteed by Wilfred F. Root to make hair grow and stop falling hair; to remove every bit of dandruff; to stop itching of the scalp almost instantly.

Parian Sage is one of the most invigorating, satisfying, and pleasant hair dressings made; it makes the hair soft, luxuriant and handsome; it is especially prized by women who love beautiful soft and lustrous hair. Parian Sage is sold by druggists everywhere, and a large bottle never costs more than 50 cents.
